A "Hands-On" Experience

Bike Service Clinic Begins January 30

That special time for bicycle maintenance is rolling around again. Consider becoming more intimately acquainted with your bicycle and its parts. The class is designed so that one "old pro" will be with each small group of learners. He or she will be readily available to give advice — but YOU do the work and YOU will be very proud of your work when finished.

NO experience necessary!

The clinic is open to all club members and especially to those whose hands have never caressed a wrench or patch kit. The purpose is to make you more comfortable as you ride, knowing that you can handle many on-the-road problems that can come up — and be aware of maintenance needs to keep your bike in good running order. The astounding bit is that you have a good time in the process!

We will show you step-by-step how to do a procedure (aided by slides that will reveal the wisdom and wit of John Layne and Owen Moore). Then you will do the same task on your bicycle. Bike shop personnel and other experienced club members will be circulating to help you.

The clinic will be held from 8:00 a.m. to 12 noon on four consecutive Saturdays (Jan. 30, Feb. 6, 13 and 20) at the Harrisburg Area

Community College (HACC) in the Phys. Ed. building. (Its the northernmost building on the east side of the campus.)

Coffee and doughnuts or some kind of breakfast treat will be available to get you going.

Calling experienced hands!

If you have mechanical experience and could help with the clinic, Owen would love to hear from you — 761-4822.

Subjects and dates are as follows:

- Jan. 30 Fixing a flat; chain removal; cable replacement; final adjustment of derailleur, brakes, etc.
- Feb. 6 Bottom brackets and pedals
- Feb. 13 Rear wheel
- Feb. 20 Front wheel and headset

When and how do I register for the clinic?
Fill out the form with this article (even if you phoned in November) and mail it by January 15 to Owen Moore, 411 N. 4th St., Lemoyne, PA 17043.

What do I bring to the clinic? Your bike, any tools you already own (others will be available to borrow), a small can for parts, an old toothbrush to clean parts, clean rag, newspapers. Optional but useful: old tea strainer, magnifying glass, breakfast food that can be shared.

What is the cost? We don't charge tuition, but we do have expenses (coffee, food, solvent, patch kits, grease, etc.). We may have to pay HACC for the use of the gym, depending on whether or not we are joined by a Phys. Ed. Bicycling Class. We'll have a pot for contributions to defray expenses.

 BIKE SERVICE CLINIC Registration

I will be at the sessions checked below:

- ___ Jan. 30 Fixing a flat; chain removal; cable replacement; adjusting derailleur and brakes.
- ___ Feb. 6 Bottom brackets and pedals
- ___ Feb. 13 Rear wheel
- ___ Feb. 20 Front wheel and headset

- 32.8 Right into Compri Hotel parking lot

RIDE OF THE MONTH

Reported by Dave Miller

Fulling Mill Frolic: Fulling Mill Road is a relatively quiet rural road that runs East to West in Swatara and Lower Swatara Townships. It connects Eisenhower Boulevard near Highspire with country roads accessing Hummelstown and Hershey. This particular route travels through hilly country and features a variety of scenery.

The complete route is a 33 mile loop beginning at the new Compri Hotel which is on the west side of Eisenhower Blvd. and is easily reached from the Swatara Exit of Route 283. The route travels easterly thru Hummelstown, follows Bull Frog Valley Rd., overlooking Hershey and back via Chambers Hill. The route includes two "loops" that can be eliminated to reduce the distance or avoid hilly areas.

The first loop begins at the 9.5 mile point when the right turn is made onto Waltonville Rd. and ends at the same point at the 15.3 mile point and includes a 2.5 mile climb on Bull Frog Valley Rd. The climb can be avoided by turning left into Hummelstown on Waltonville Rd.

The second loop begins at the 19.0 mile with the right turn onto Nyes Rd. This part of the route is very rolling but includes no major climbs. The country is very pretty and there are a number of beautiful homes. To avoid this loop merely turn left at the Nyes Rd. intersection and continue south on Milroy Rd. Enjoy!

Distance	Instructions
0.0	Begin at Compri Hotel
	Turn right from parking (south) on to Eisenhower Blvd.
.3	Left at traffic light on

Annual Awards Banquet

January 23

Christ Presbyterian Church,
Allendale, Camp Hill (see map)

5-6 PM Registration, hors d'ourvers, socialize
6-7 PM EAT
7-8:30 Awards and entertainment
8:30+ It's up to you....

Admission requirements: 1 potluck dish (see guide lines below) or \$5.

This is an awards banquet and we will recognize those club members who have contributed their time and enthusiasm to make this past year one of HBC's best ever. But never fear, it's not so serious. Long standing members will want to see who gets the Broken Bottom Bracket and the Pulverized Pateila awards. First year members will receive a kit for quick chain repairs. Come and see who gets the Frick & Frack Award, Evil Knieval Award. Could it be you? With Bill Pickering orchestrating, anything is possible! We all know that HBC is a nice group and the banquet maintains a family rating. We also know that these awards can appear as grist for the blackmail mill. So be there to defend your honor.

Do you know of someone deserving an award? We will be glad to include yours in the program if you let us know before January 9. Call Sheryl Albertini at 691-7316 and leave your suggestion at the sound of the tone.

If you don't have an award, bring some memories to share. Take some time, go through your slides and photos. Slides go to Chris Doran (238-6460) at Wildware, Harrisburg. Please label and identify all slides for easy return. Bring the photos in a centerpiece of your design or for mounting on our display for the evening. Those bringing centerpieces will be eligible for the doorprizes.

This fabulous feast is a covered dish. Bring the type dish designated by the first letter of your last name.

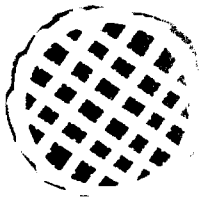

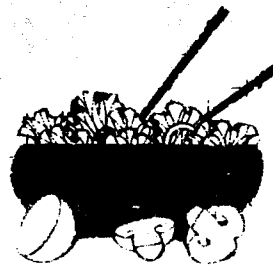

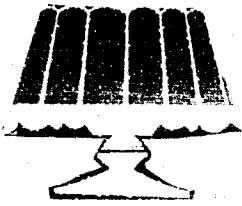

A - K Main Dish
L - R Salad
S - Z Desert

Your culinary creation should serve 8 to 10 people. PLEASE put your name on the dish or serving utensils. If you really can't boil water or choose not to, you can opt for a \$5.00 contribution at the door. Any questions call Martha Colley at 238-3194.

Help the committee by making your reservation before January 10. It would help them if you could provide the name of those

attending, first year members, and what food you will bring. The following committee members are waiting to hear from you.

Grace House	West Shore & Mechanicsburg	766-4054
Mary Soursby	West Shore & Mechanicsburg	975-0925
Ben & Christine Slotnick	East Shore	652-8629
Helen Condon	Carlisle	243-7376
Jeff & Marilyn Grove	Hershey	944-7227

HARRISBURG BICYCLE CLUB RIDE SCHEDULE

RIDE GUIDELINES

1. Arrive 10 to 15 minutes early and be ready to leave on time!
2. Make sure your bicycle is in proper working order before you arrive.
3. It's a good idea to carry a patch kit, spare tube, pump, and water bottle (water is a necessity in hot weather).
4. Ride carefully and obey traffic laws.
5. Wearing a helmet is not required, but is encouraged.
6. Leaders are not responsible for those who ride ahead of the group, or to put it another way -- if you're ahead of the leader, you are on your own ride.
7. Ride leaders and participants are jointly responsible to see that the advertised pace is maintained.
8. Always notify the leader before leaving the group.

Rides

RIDE CLASSIFICATIONS

- A Serious riders in top condition; 17 mph and faster.
- B+ Bikers need to be conditioned to maintain a moderately fast (14-17 mph), non-stop pace for fairly long distances.
- B Bikers in above-average condition, emphasis on exercise and fitness, 13-15 mph. Few stops.
- C+ Extra mileage or faster pace make this more difficult.
- C Moderate paced (10-12 mph) ride with recreational emphasis, about one stop per hour. Ten-speed bikes recommended.
- D For new, inexperienced and/or sociable bikers. Frequent stops, no major hills where possible. Young children will have trouble keeping up unless ride is listed for whole family.

You do not have to be a member, although we hope you'll want to join.

In choosing a ride, consider your ability. If you take a ride you aren't ready for yet, you won't enjoy it -- and you are being unfair to the other riders.

* Although every attempt is made to make club rides as safe as possible, HBC assumes no liability for the safety of those participating in its rides. Riders taking part do so at their own risk and are responsible for their own safety.

January Ride Schedule

FRIDAY, JANUARY 1, 1988

B+ 12:00 pm Carlisle High School
10-30 mi 15-16 mph Leader: Gerry Cramer 249-6125

NEW YEAR FROLIC - Begin 1988 on your bike, weather permitting of course! This ride is scheduled for the 1st of Jan. only...

EVERY WEDNESDAY IN JANUARY

B+ 12:00 pm Carlisle High School
10-40 mi 16+ mph Leader: Pam Spence 243-6224
Ken Cramer 249-5778

WINTER FREEZE - If weather is questionable, give the leader a call otherwise, join us for the fun.

TEAM HARRISBURG

-Central PA Racing-

IMPORTANT NOTICE TO ALL USCF RACERS

Team Harrisburg is looking for USCF licensed racers to ride as a sponsored racer for the 1988 racing season. There will be a limited number of positions available on teams for seniors, juniors, and women. Sponsorship may consist of, but not be limited to, Team clothing, equipment, and race entry fee reimbursement. Selection of riders for these teams will be made on the basis of experience and past performance. If anyone is interested in becoming a sponsored racer in 1988, please fill out an application and let us know. Applications will be available at our Team sponsor Holmes Bicycle Shop in Camp Hill.

NEW FOR 1988 -- TEAM RACE CALENDAR!!

In order to promote Team unity, Team Harrisburg will be designating two races per month as "Team Races". These "Team Races" will be listed in the events calendar and participation in these events will be strongly suggested. Senior sponsored riders will be reimbursed for their entry fee expenses at these races. Cycling is a team sport and in order to win races we need strong team support in the races we enter. This new policy is aimed at increasing Team Harrisburg participation at selected races to improve our chances of having a Team Harrisburg racer on the winner's podium.

How will the "Team Races" be selected? Obvious choices are the District Road and Time Trial Championships in June and any Team Harrisburg sponsored, USCF sanctioned event. The other races on this calendar are for you, the Team Harrisburg racer, to decide. Think about the races you participated in over the past year and the ones you enjoyed. Then come to our February 15, 1988 Team meeting to help us decide what races belong on this calendar. We need your input to make the 1988 racing season a success.

WANTED -- NEW TIME TRIAL COURSE

For the past several years Team Harrisburg has held a weekly time trial series on Industrial Road behind the H.A.C.C. campus. Over the years, traffic has increased on this road and it is desirable to find a new location for this series. The ideal time trial course would be a flat, well paved, lightly traveled stretch of road with no intersections for approximately 2.5 miles. There should be ample parking facilities nearby for fifty cars and the course should be centrally located in the Harrisburg metropolitan area. If anyone has any suggestions for a new course please contact Rick Handley at 564-2752.

TEAM HARRISBURG WINTER TRAINING RIDES ARE BACK!

What's better than a solo training ride on a cold, blustery January day? A training ride with your friends from Team Harrisburg on a cold, blustery January day! With the racing season only a few months away, now is the time to start building those base miles for a strong year in 1988. Training rides will be every Sunday (weather permitting) at Mechanicsburg High School at 1:00 PM beginning January 3, 1988. The distance will be approximately 30 miles and the pace a leisurely 16-18 m.p.h. So come out and join us.

1987 AWARDS BANQUET

The following awards were presented at the Awards Banquet on November 14, 1987 at Casa Rillo's in Camp Hill.

Rider of the Year:	Scott Miller
Team Rider of the Year:	Ed Kallatch
Rookie of the Year:	Ken Siptroth
Most Improved Rider:	Mark Fesler
Junior Rider of the Year:	John Reich
Female Stock Rider of the Year:	Cindy Maurer
Male Stock Rider of the Year:	Jeff Lynn

-- WANTED --

Wanted: A motorscooter or moped for use as a motorpacing vehicle for Team Harrisburg racers. If you have such a vehicle for the Team to use or buy, please contact Dave Biser at 774-2466.

TEAM HARRISBURG MEETING

A meeting for all members of Team Harrisburg will be held February 15, 1988 at the Grace United Methodist Church, 3rd and Herman Streets in Lemoyne at 7:00 PM. The purpose of this meeting is to discuss plans for the 1988 racing season. Please attend.

Midwinter GEAR Down in Florida

Sunny central Florida will be the location for L.A.W.'s 1988 GEAR Down, set for February 12-14, the first such rally held in Florida. The co-hosts, the Florida Council of the American Youth Hostels and the Mount Dora Bicycle Club, are planning a weekend full of activities, including rides through Florida's delightful Lake County.

GEAR Down '88 will be at the small town of Mount Dora, Fla., a picturesque lakeside community 25 miles northwest of Orlando. Mount Dora's finest resort, the Lakeside Inn, located in the heart of the quaint downtown shopping district, will provide lodging for rally-goers. Art galleries, clothing stores, gift and antique shops, and superb restaurants line the town's quiet streets, and flower boxes and street lamps add color and grace.

Not only is the Lakeside Inn a first-class resort hotel with a beautiful lakeside setting, Olympic-size swimming pool, and flowers blooming year-round; it is also on the national historic register. The inn opened in 1893 as a 10-room hotel and quickly became a favorite winter retreat for writers, university presidents, and politicians. Bird watchers from

around the world were drawn by the more than 200 species of common and exotic birds that inhabit the area during the winter months.

Many famous Florida attractions are less than an hour's drive from Mount Dora. Disney World and EPCOT Center are but 45 minutes away. Some of the outstanding beaches—Daytona, Cape Canaveral, and Cocoa—are within close reach. One unique and exciting place, the Crystal River Manatee Sanctuary, is nearby. Trips to snorkel with the manatees will be on the rally agenda. A local jungle boat cruise through the Dora Canal will provide a close-up look at the blackwater cypress swamps of the area, complete with rare flowers and alligators dozing on sunny banks.

For a midwinter cycling vacation that cannot be surpassed, come to central Florida for L.A.W.'s GEAR Down '88. For more information and application form, write or call: Florida AYH, P.O. Box 1108, Tallahassee, FL 32302, (904) 878-2042.

*Other Hours by Appointment
Call 938-6703*

From the PRESIDENT

How can you find out about statewide biking events and issues? By joining the BICYCLE FEDERATION OF PENNSYLVANIA. This organization was instrumental in developing the state bicycle maps, performs a watchdog service on legislation that affects us, like the bottle bill, publishes an informative newsletter, and organizes the annual Blue/Gray Rally in Gettysburg.

This small but active organization needs our support to help it help us. Vince Patterson of the Western Pennsylvania Wheelmen has challenged his group to support Bike/Fed and I am asking you to do the same. In fact, I'm asking HBC to help Bike/Fed double its current membership of 268 and show our support to several of our members who are officers and leaders. A \$5.00 bargain will let your voice be heard while you keep informed. Let's start 1988 right with support for Bicycle Federation of Pa. Send your name, address and \$5.00 to Jim Kehew, 413 Appletree Road, Camp Hill, PA 17011 or call him at 761-3388.

From the EDITOR

Happy New Year! We're celebrating with some changes in the Spokesman. We hope you will like them and are always interested in your feedback. Let me review some of them with you.

First our staff is expanding. To be representative of club interests and cover the wide range of activities without burnout, we have been greatly helped by our new Assistant Editor, Bill Bolza, Advertising Co-ordinator Laurie Feldman, Writers, Dave Biser, Dave Miller and Tracy Beinhaus; Distribution Assistant, Tom Helm. You will begin seeing the results of the staff creativity in this issue with a few new features like our Letters to the Trainer, Ride of the Month, and a new masthead.

Please let us know what you think of our efforts and give us your suggestions. We passed out a survey at the Team Harrisburg Banquet and will be doing so at the Awards Banquet. If anyone has not returned the survey, please mail it to me at 722 Bosler Ave., Lemoyne, PA 17043.

A special thanks to all contributors who have graciously complied with our deadlines and helped us maintain our production schedule. If you would like to contribute, have a complaint, or a suggestion, please call me or other staff member.
